argile => clay
boue => mud
caoutchouc => rubber
carton => cardboard
cendre => ash
charbon => coal, charcoal
cire => wax
craie => chalk
diamant => diamond
eau => water
essence => petrol
fibre de verre => fiberglass
fumée => smoke
gaz => gas
glace => ice
huile, pétrole => oil
matériau de conditionnement => packaging material
matériau composite => composite material
matériau d'emballage => packaging material
matériau isolant => insulating material
matériau de récupération => salvaged material
matériau de répandage => diffusion material
matériau de substitution => substitution material
paille => straw
papier => paper
paraffine => paraffin
plume => feather
porcelaine => porcelain
poussière => dust
silice => silica
sable => sand
terre => soil
vapeur => steam
